From The Heart

New Funding Partner For Glendale's From The Heart Program. The city has a new From The Heart partner. The Gila River Indian Community will donate \$75,000 annually over the next three years – totaling \$225,000 – to Glendale's From The Heart program. The program provides services to the city's most vulnerable children, families and elderly citizens.

Since starting in 1997, From The Heart -- largely funded by residents and businesses who add \$1 to their city utility bills each month -- has collected and distributed more than \$2.25 million to non-profit agencies in Glendale.

In the past, local agencies receiving From The Heart funds through a grant application process have provided myriad services to residents. Some of the grant-funded programs have focused on the positive development of youth, while others helped provide nutritious, home-delivered meals to the frail and elderly and others provided emergency programs for victims of domestic violence and abuse. Glendale Police Invite Residents to Sign Up for Free Communication Tool. The Glendale Police Department has a new communication tool to help residents stay informed on important public safety alerts. The Nixle Community Information Service allows the police department's Public Information Office to share emergency messages via cell phone text messages. The service is free, and updates can also be accessed online at Nixle's website at www.nixle.com.

Messages may include traffic alerts, updates on emergency situations or other relevant safety and community information. Law enforcement agencies and fire departments across the country utilize Nixle. There is no spam and no hidden cost. Standard text messaging rates do apply.

Nixle builds on the foundations of other public-to-public communication services, such as Twitter and Facebook, but adds a key component: security. For more information or to sign up for the Glendale Police Department's new Nixle service, visit www.nixle.com.

Voting boundaries are being re-drawn. Get involved in the process! Every 10 years following the U.S. Census, voting boundaries are looked at to ensure that each voting district is close to equal size and meets other legal requirements. With growth and population shifts, the boundaries for Glendale's voting districts will have to be changed. But not without input from Glendale residents. Get involved in the process. Se modificarán los límites de los distritos electorales. ¡Participe en el proceso!

Cada 10 años después de un censo de los EE.UU., se revisan las demarcaciones electorales para comprobar que todos los distritos electorales son aproximadamente del mismo tamaño y cumplen con otros requisitos legales. Debido al crecimiento y los movimientos poblacionales, los límites establecidos para los distritos electorales de Glendale tendrán que modificarse tomando en cuenta los comentarios de los residentes de Glendale.
